Our 2027 supplemental benefits

Food & Home Card*

Overview

This is a **monthly card-based allowance** that can be used toward healthy foods, housing costs, mortgage, and utility costs. Members who remain qualified YoY can keep their current card.

How it works

- **Healthy foods:** Members can shop for healthy foods at thousands of participating stores nationwide like Walmart, Kroger, Publix, Meijer, and more!** Healthy foods exclude salty snacks, candy, soda, and energy drinks.
- **Housing costs, mortgage, and utilities:** Members pay merchants directly with the card for housing, mortgage, and utility costs like water, electric, Wi-Fi, mortgage payments, and more!

Qualifications

To qualify for the Food & Home Card, members **must meet all 3 of the following CMS Special Supplemental Benefits for the Chronically Ill (SSBCI) criteria:**

1. Have one or more qualifying chronic conditions that are life threatening or significantly limit overall health or function;
2. Have a high risk of hospitalization or other adverse health outcomes; and
3. Require intensive care coordination.

From the moment of enrollment, we look at available data sources (such as medical records, prescription claims, HRA responses, and data from CMS) to get members qualified as quickly as possible.

Completing an HRA with the member is the best way to determine whether a member qualifies — especially for criteria 2 and 3.

*The Food & Home Card is a special supplemental benefit offered on certain plans, and available only to chronically ill members with conditions like diabetes, chronic heart failure, cardiac arrhythmias, coronary artery disease, or peripheral vascular disease; qualifying conditions vary by plan. All applicable plan coverage criteria must be met and other conditions are eligible. Not all members qualify.

**Participating stores are subject to change.

Our 2027 supplemental benefits

Over-the-counter (OTC) benefits

How it works

- We partner with CVS Flex Benefits to offer this benefit.
- Members can make purchases using their Devoted member ID card or by providing their member ID, date of birth, and ZIP code at checkout.
- Eligible items are listed in a catalog that's available both in print and online.
- The OTC benefit is a quarterly allowance. **Unused funds do not carry over to the next quarter.**

Shopping for OTC items

- **Home delivery:** Members can order by phone or online and get items shipped directly to their home.
- **In-store:** Members can purchase eligible items at any standalone CVS or Longs Drugs location.

This is a **quarterly allowance** to spend at CVS on eligible OTC items, like toothpaste, vitamins, pain relievers, and more.

Vision & eyewear benefits

Key highlights

- An annual **eyewear allowance** is offered through a participating vision vendor — **Premier Vision** or **EyeMed**.
- **Prescription glasses and/or contact lenses** are covered.
- Members simply **present their Devoted member ID card** at participating provider locations.
- **Routine eye exams** are also included.
- Members can find in-network providers by calling us or visiting devoted.com/search-providers/.

Hearing benefits

Key highlights

- Annual **hearing aid** benefits through our hearing vendor — **TruHearing®**
- Two TruHearing®-branded hearing aids every year (one per ear per year)
- Available on all Devoted PBPs
- First year of follow-up provider visits included
- 60-day trial period
- 3-year extended warranty
- 80 batteries per aid for non-rechargeable models

Our 2027 supplemental benefits

Dental benefits

Overview

Depending on the plan, dental benefits can be reimbursed directly to members or offered through an allowance that can be used with in-network dental providers. All preventive and comprehensive services count toward the annual dollar limit, except on plans with unlimited preventive dental, where only comprehensive services count.

Direct member reimbursement

- Members can **see any dentist, pay out of pocket, and submit for reimbursement**. Cost sharing applies to comprehensive services on most plans.
- There is **no network**. Members can see any dentist in the U.S.

Network-based

- Members have **access to in-network dentists with a set dollar amount of coverage**. Cost sharing applies to comprehensive services on most non-SNPs (and some SNPs).¹
- **Devoted Dental (Alabama) or Liberty Dental (all other service areas)**. PPO members can see out-of-network providers, but dollars will go further **in-network**.

Fitness benefits

Wellness Bucks

Members may be reimbursed for:

- Fitness classes, including **yoga** or **Zumba®** — online or in person
- Weight-management programs (e.g., **WeightWatchers®**)
- Mindfulness and meditation apps, such as **Lumosity®**, **Calm®**, and **Headspace®**
- **Home fitness equipment**, including walking pads, stationary bikes, free weights, yoga mats, and more

SilverSneakers®

Included at **no cost** to members:

- Access to local gyms and community centers
- Live, instructor-led online classes and workshops
- On-demand workout videos
- SilverSneakers GO fitness app

¹Cost sharing may apply on select services. Implants, cosmetic dental services, and maxillofacial prosthetics are not covered. Benefits, premiums, and cost sharing may vary by plan. Dental limitations may apply. Dental coverage may be in the form of an allowance or reimbursement-based benefit. What to know about **cost share protection**

Cost share protection means a member has **secondary coverage that helps pay some or all of the Medicare out-of-pocket costs**, such as deductibles and copays/coinsurance.

Without cost share protection, members are generally responsible for these Medicare cost-sharing amounts.

Medicaid

- Not all Medicaid programs provide Medicare cost share protection.
- Members receive protection only if they qualify for **QMB, QMB+, SLMB+, or FBDE** Medicaid categories.
- **Always verify** both Medicaid eligibility and level before discussing costs or recommending a plan.

TRICARE

- TRICARE generally acts as **secondary coverage after Medicare** for eligible beneficiaries.
- After Medicare pays its share, TRICARE generally pays **all or part** of the remaining covered out-of-pocket costs.
- Many times, individuals **must submit bills** directly to TRICARE.

PPO plans: What to know about out-of-network care

Members can see out-of-network providers **only if they accept Original Medicare** and the provider(s) agree to see Devoted members.

Not all providers will accept or bill Devoted — **members may need to pay up front and request reimbursement.**

- **Before making an appointment**, members should confirm that their doctor accepts Devoted PPO plans.
- Reimbursement is calculated based on the Medicare allowable amount.

Including the PCP on the application is highly encouraged.

For members with Medicaid, **out-of-network providers must accept Medicaid** (or the member's managed Medicaid), or members may owe the full cost share.

Higher cost share may apply to out-of-network care — this must be explained to members.

Extra benefits follow different rules.

Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.
