- With Blue Medicare Medical Only<sup>SM</sup> (HMO-POS), the Part B Premium reduction contributes \$35 per month
- With Blue Medicare Essential<sup>SM</sup> (HMO), the Part B Premium reduction contributes up to \$51 a month

- With Blue Medicare Freedom+<sup>SM</sup> (PPO), the Part B Premium reduction contributes \$76 per month\*\*
- Available on Blue Medicare Medical Only (HMO-POS), Blue Medicare Essential (HMO) & Blue Medicare Freedom+ (PPO)

### Over-the-counter (OTC) allowance

- Available on most plans, the quarterly allowance for OTC products comes on a convenient Blue Flexcard debit card

- No rollover

\* You must pay your own Part B premium to be eligible for the reduction. You cannot receive Medicaid or any other assistance from a health program that could potentially pay your Part B premium.

\*\* If you also receive a Part B giveback from your federal retiree benefits, you can receive both – up to, but not exceeding, the total amount of your Part B premium.

\*\*Tier 5 drugs limited to 30-day supply.

\*\*\*Tier 6 drugs include select generic medications used to treat high blood pressure, diabetes, and high cholesterol; up to a 100-day supply.

Note: Encourage members managing chronic conditions to consider 90-day fills of their Tiers 1 and 2 medications and 100-day fills of their Tier 6 medications at preferred pharmacies. This is often more convenient, cost-effective, and improves medication adherence that supports healthier outcomes.
