Supplemental benefits

Greater care, better health

At Blue Cross and Blue Shield of North Carolina (Blue Cross NC), we care about your total health. Our Medicare Advantage plans give you additional benefits not offered by Original Medicare for a low – or no – additional premium.

Part B Premium Reduction

The Part B Premium Reduction,* or “giveback,” contributes monthly toward your Medicare Part B Premium.* So you’ll see some money each month in your Social Security check!

- With Blue Medicare Medical OnlySM (HMO-POS), the Part B Premium reduction contributes \$35 per month
- With Blue Medicare EssentialSM (HMO), the Part B Premium reduction contributes up to \$55 a month

- With Blue Medicare Freedom+SM (PPO), the Part B Premium reduction contributes \$76 per month**
- Available on Blue Medicare Medical Only (HMO-POS), Blue Medicare Essential (HMO) & Blue Medicare Freedom+ (PPO)

Over-the-counter (OTC) allowance

- Available on most plans, the quarterly allowance for OTC products comes on a convenient Blue Flexcard debit card
- Available on most plans
- No rollover

* You must pay your own Part B premium to be eligible for the reduction. You cannot receive Medicaid or any other assistance from a health program that could potentially pay your Part B premium.

** If you also receive a Part B giveback from your federal retiree benefits, you can receive both – up to, but not exceeding, the total amount of your Part B premium.
